The fictional country of Industrialia is populated with creative eccentrics, high-flying airship crews, dazed automatons, brilliantly cracked inventors, adventurous explorers, mischievous kids and more. What they all have in common is a love of food. Breakfast, especially. Well, not the automatons, of course, though many of those serve as waiters or other food service workers. To be born in Industrialia is to be born a foodie. This cookbook was inevitable. Within these pages you ll learn how to cook many of Industrialia s favorite foods, from breakfast right on through to late night snacks. You ll even learn how to make some traditional Coal Week holiday treats.
