So, just how slow can you waterski before you start to sink beneath the waves? And, while we're about it, how long can you survive in a freezer? What are the chances of being struck by lightning in bed? And why is it so easy to read words even when the letters are muddled up? Everyday life can pose some mind-boggling questions - but where do you find the answers? The "Guardian's" popular 'This Week' column has been looking into the science behind the news for three years, and "How Slow Can You Waterski?" draws together a selection of the most imaginative questions and the most surprising answers.
