## Privacy on the Line: The Politics of Wiretapping and Encryption (Hardback)

By Whitfield Diffie, Susan Landau

MIT Press Ltd, United States, 2007. Hardback. Book Condition: New. Enlarged edition. 231 x 157 mm. Language: English . Brand New Book. Telecommunication has never been perfectly secure. The Cold War culture of recording devices in telephone receivers and bugged embassy offices has been succeeded by a post-9/11 world of NSA wiretaps and demands for data retention. Although the 1990s battle for individual and commercial freedom to use cryptography was won, growth in the use of cryptography has been slow. Meanwhile, regulations requiring that the computer and communication industries build spying into their systems for government convenience have increased rapidly. The application of the 1994 Communications Assistance for Law Enforcement Act has expanded beyond the intent of Congress to apply to voice over Internet Protocol (VoIP) and other modern data services; attempts are being made to require ISPs to retain their data for years in case the government wants it; and data mining techniques developed for commercial marketing applications are being applied to widespread surveillance of the population. In *Privacy on the Line*, Whitfield Diffie and Susan Landau strip away the hype surrounding the policy debate over privacy to examine the national security, law enforcement, commercial, and civil liberties issues...

### Reviews

*Completely one of the better pdf I have got possibly go through. I really could comprehend every little thing using this composed e ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Torey Kreiger**

*Extremely helpful for all class of folks. It is really simplified but excitement from the 50 percent of your ebook. You wont sense monotony at at any moment of your time (that's what catalogs are for about if you check with me).*
