These poems fly from Earth to Jupiter and back, but one can feel the sweat on the skin for the whole trip. Lenses, including those of our eyes, let the sky-watcher chart the trip of the time-traveler from beginning to end. We are all star-children, born into the universe, where we must wander from place to place and time to time in search of our own bliss. The trip also takes us to inner space. In three parts, Sun Dogs, as a themed collection, attempts to capture moments of wonder, loss and healing: 1. Planetarium, 2. Jealous Planet, and 3. Cosmic Therapies. The poems speak of the human journey the odyssey of experience in a galaxy filled with legends and natural phenomena. Yet, the collection promises cosmic therapy a time for something great. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
