Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.HOW TO LIVE TO BE A THOUSAND with DMA. It is our greatest gift. It gives us the ability to rejuvenate our bodies numerous times. DMA (Designed Mechanics of the Anatomy) is total body control. For thousands of years, philosophers of thought have searched for the keys to; healing, good health, and long life. Which, they did have some success, that resulted in extending their lives to some degree; they still failed to learn how to stop abusing their bodies, by continuing to move incorrectly. So! Their bodies continued to deteriorate, though at a much slower rate. Just healing the body doesn't stop the aging process. With DMA's, All-Natural movements we now are able to see how they work, and change our brains' patterns naturally (DMA), by creating new neurons and paths in our brain. These changes give our minds and bodies access to their many special healing tools and abilities that we need to keep healthy, pain-free, and rejuvenate. New information has dramatically changed how we view the brain. Neuroscientists have discovered that we have the capacity to create an almost infinite number of new neural connections in our brains, just by running new thought patterns. Psychologists estimate that it takes 21 to 30 days to establish a new pattern in...
