Reviews

Very beneficial for all type of individuals. I have got study and so i am certain that i am going to going to read through once again once again later on. I am just happy to let you know that this is basically the greatest publication i have study during my own daily life and could be he finest pdf for ever.

(Prof. Nelson Farrell MD)

THE FAMILY IN TWENTIETH-CENTURY AMERICAN DRAMA (HARDBACK)

Peter Lang Publishing Inc, United States, 2003. Hardback. Condition: New. Language: English . Brand New Book. The central subject of American drama is, arguably, the American family. From Royall Tyler s colonial comedy *The Contrast* (1787) to August Wilson s *King Hedley II* (2000), relationships between husbands, wives, and their children have been used consistently by American playwrights to explore and illuminate the American experience. This study of the family in twentieth-century American drama explores how filial relationships are affected by the capitalistic culture of consumption that permeates twentieth-century American society. By analyzing relationships within both traditional and nontraditional families, this book examines how family members in American plays perceive themselves and others as things in American twentieth-century capitalistic society.
