Excerpt from Spirit Manifestations Examined and Explained: Judge Edmonds Refuted, or an Exposition of the Involuntary Powers and Instincts of the Human Mind Ground between, believers and skeptics In the spirit-manifestations, and who was a rational believer - that is, a believer on natural principles. And as I use considerable language of this character, it might be considered incorrect, when Mr. Rogers has published a work that occupies the middle ground between believers and skeptics. But as my Lectures were written and delivered before his book appeared, so this matter will be understood by all. I have no faith whatever in the Oedic force of Reich eubach, which Mr. Rogers seems to have adopted to explain the phenomena of the spirit manifestations. For this the reader will find my reasons stated in the Appendix to these Lectures. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
