BLOOD: A VERY SHORT INTRODUCTION (PAPERBACK)

Oxford University Press, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. Blood is vital to most animals. In mammals it transports oxygen and food, carries away waste, and contains the white cells that attack invading microbes. Playing a central role in life, it has had profound cultural and historical significance and plays an important role in religious ritual. Blood was one of the four humours in early Western medicine and is still probably the major diagnostic...
