*This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Life is more difficult than ever at Savannah s only ghost-hunting detective agency. While Ellie copes with her mentor s departure and other unwelcome developments, she also worries about the supernatural injuries keeping her boyfriend caught in an endless slumber. At the same time, Ellie and Stacey are called in to investigate an eerie entity haunting a baby s nursery room. The ghost appears late at night, its face barely visible on the baby monitor, and sings a chilling song. Soon, Ellie learns there are more ghosts in the house, and at least one of them is a dangerous, child-hunting monster who must be stopped before it kills again.
