Weinstein Books. Paperback. Condition: New. 320 pages. Dimensions: 8.2in. x 5.5in. x 0.8in. The Third Man Factor is an extraordinary account of how people at the very edge of death often sense an unseen presence beside them who encourages them to make one final effort to survive. This incorporeal being offers a feeling of hope, protection, and guidance, and leaves the person convinced he or she is not alone. There is a name for this phenomenon: its called the Third Man Factor. If only a handful of people had ever encountered the Third Man, it might be dismissed as an unusual delusion shared by a few overstressed minds. But over the years, the experience has occurred again and again, to 911 survivors, mountaineers, divers, polar explorers, prisoners of war, sailors, shipwreck survivors, aviators, and astronauts. All have escaped traumatic events only to tell strikingly similar stories of having sensed the close presence of a helper or guardian. The force has been explained as everything from hallucination to divine intervention. Recent neurological research suggests something else. Bestselling and award-winning author John Geiger has completed six years of physiological, psychological, and historical research on the Third Man. He blends his analysis with compelling human stories such as that of Ron DiFrancesco, the last survivor to escape the World Trade Center on 9/11; Ernest Shackleton, the legendary explorer whose account of the Third Man inspired T. S. Eliot to write of it in *The Waste Land*; Jerry Linenger, a NASA astronaut who experienced the Third Man while aboard the Mir space station and many more. Fascinating for any reader, *The Third Man Factor* at last explains this secret to survival, a Third Man whoin the words of famed climber Reinhold Messner leads you out of the impossible. This item ships from multiple locations. Your book may...
