Reviews

This ebook might be worthy of a read, and far better than other. it was writtern really flawlessly and useful. I found out this pdf from my i and dad recommended this ebook to learn.

(Prof. Ruben D'Amore PhD)

SECRETS CAN BE TOLD (PAPERBACK)

Xulon Press, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.It has been said that It takes a whole village to rear a child . Although that may have been the situation when it was first said, it is no longer the case. This story uncovered and exposed the risks children are facing in our societies every day. Follow Jamie, his friends and parents as they discovered that we are living in a society where children fall prey to people who have power over them. They learned that children who are poor fall victims to people whose intention are to exploit them. There are people who are using the church as a mask to have access to children only to sexually abuse them. But there are people who are making a difference in the lives of children who are at risk. Secrets Can Be Told is a book that has been skillfully written to help children to identify situations that would put their safety at risk and make it known. Every child should read this book, especially children whose parents do not normally hold conversations of sexual nature with them. Linnet enjoys working with children. Over the years she has worked with children in different professional settings. Such as a Teacher, Day Nursery and Qualified Social Worker. Linnet had also fostered young people for over ten years. Linnet is a Christian and uses stories to teach moral values to children. Over the years Linnet continues to be involved in charity work for children. She is currently offering financial support to children in Africa and the Caribbean towards their education. Linnet has written other children books for children and teenagers.
