Springer. Paperback. Book Condition: New. Paperback. 257 pages. Dimensions: 9.1in. x 6.1in. x 0.7in. From June 14-17, 2008, the Center for Advanced Gaming and Simulation (AGS), Utrecht University, in collaboration with the NLGD Festival of Games, organized a Workshop on Motion in Games in Utrecht. Motion plays a crucial role in computer games. Characters move around, objects are manipulated or move due to physical constraints, entities are animated, and the camera moves through the scene. Even the motion of the player nowadays is used as input to games. Motion is currently studied in many different areas of research, including graphics and animation, game technology, robotics, simulation, computer vision, and also physics, psychology, and urban studies. The goal of the Motion in Games workshop was to bring together researchers from this variety of fields to present the most recent results and to initiate collaboration. The MIG 2008 workshop hosted over 30 internationally renowned researchers who all presented their ongoing work on topics such as crowd simulation, motion capture, path planning and facial animation. This volume is a collection of the papers presented during the workshop. Since this volume was published after the workshop, the authors of the papers adapted their content in order to include any discussions that took place during the workshop itself. All contributions were carefully checked by the workshop organizers. The Motion in Games workshop was a very successful event that has set the starting point for interdisciplinary collaborations and for novel research ideas following the interesting discussions that took place. We are very happy with the outcome of the workshop and the excellent contributions by the participants, collected in this volume. August 2008 Arjan Egges Arno Kamphuis Mark Overmars Sponsoring Institutions This workshop was sponsored by the GATE 1 2 project and the NLGD Festival of Games. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
