The United States having been largely isolationist before the War entered the World stage and took a substantial part in the formulation of human rights. Against the background of the Cold War the institutionalization of a common framework was everything but easy. In retrospect it seems that the American commitment to human rights is ambivalent. On the one hand American rhetoric constantly uses human rights as a legitimating moral claim, on the other hand it stays in its exceptionalist tradition and sees itself not to be in need of any international supervision. To understand the gap between ideal and reality, the concept of American exceptionalism needs to be examined. How does this...
