

The Handbook of Aging and Cognition (Paperback)

Filesize: 2.95 MB

Reviews

Excellent eBook and helpful one. This can be for all who statte there was not a worthy of studying. You will not feel monotony at at any moment of your respective time (that's what catalogs are for regarding when you request me).
(Princess McCullough)

THE HANDBOOK OF AGING AND COGNITION (PAPERBACK)

DOWNLOAD

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Condition: New. 3rd Revised edition. Language: English . Brand New Book. Cognitive aging is a flourishing area of research. A significant amount of new data, a number of new theoretical notions, and many new research issues have been generated in the past ten years. This new edition reviews new findings and theories, enables the reader to assess where the field is today, and evaluates its points of growth. The chapters are organized to run from reviews of current work on neuroimaging, neuropsychology, genetics and the concept of brain reserve, through the mainstream topics of attention, memory, knowledge and language, to a consideration of individual differences and of cognitive aging in a lifespan context. This edition continues to feature the broad range of its predecessors, while also providing critical assessments of current theories and findings.
