## SCOTTISH HIGHLANDERS ON THE EVE OF THE GREAT MIGRATION, 1725-1775: THE PEOPLE OF INVERNESS-SHIRE

[DOWNLOAD PDF](#)

Clearfield. Paperback. Condition: New. 182 pages. Dimensions: 8.3in. x 5.5in. x 0.4in. In 2005 Clearfield Company launched a new series of books by David Dobson designed to identify the origins of Scottish Highlanders who traveled to America prior to the Great Highland Migration that began in the 1730s and intensified thereafter. Much of the Highland emigration was directly related to a breakdown in social and economic institutions. Under the pressures of the commercial and industrial revolutions of the 17th and 18th centuries, Highland chieftains abandoned their patriarchal role in favor of becoming capitalist landlords. By raising farm rents to the breaking point, the chiefs left the social fabric of the Scottish Highlands in tatters. Accordingly, voluntary emigration by Gaelic-speaking Highlanders began in the 1730s. The social breakdown was intensified by the failure of the Jacobite cause in 1745, followed by the British military occupation and repression in the Highlands in the aftermath of the Battle of Culloden. In 1746, the British government dispatched about 1,000 Highland Jacobite prisoners of war to the colonies as indentured servants. Later, during the Seven Years War of 1756-63, Highland regiments recruited in the service of the British crown chose to settle in Canada and America rather than return to Scotland. Once in North America, the Highlanders tended to be clannish and moved in extended family groups, unlike immigrants from the Lowlands who moved as individuals or in groups of a few families. The Gaelic-speaking Highlanders tended to settle on the North American frontier, whereas the Lowlanders merged with the English on the coast. Highlanders seem to have established beachheads, and their kin subsequently followed. The best example of this pattern is in North Carolina, where they first arrived in 1739 and moved to the Piedmont, to be followed by others for over a century....
