

Craftsman Homes (Paperback)

By Gustav Stickley

Lulu.com, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.WE have selected for presentation here what we consider the best of the houses designed in The Craftsman Workshops and published in THE CRAFTSMAN during the past five years. Brought together in this way into a closely related group, these designs serve to show the development of the Craftsman idea of home building, decoration and furnishing, and to make plain the fundamental principles which underlie the planning of every Craftsman house. These principles are simplicity, durability, fitness for the life that is to be lived in the house and harmony with its natural surroundings. Given these things, the beauty and comfort of the home environment develops as naturally as a flowering plant from the root.
