Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.I chose to put this book together because Twitter was such a release for me. I didn't have anyone to vent to so I vented to complete strangers. It kept me from keeping things all bottled up inside. It became an online diary, except it was public. I tweeted A LOT of inappropriate things, some very vulgar and some just completely wrong but I also tweeted some very inspiring words of wisdom based on my life experiences. This book is absolutely uncensored. I learned so much about myself from my tweets. I saw my growth as the years progressed. I grew emotionally, spiritually and mentally. I battled my darkest years and fears right before the eyes of my followers. I learned how much of a distraction Twitter was to me when it came to me completing my goals. I was constantly checking my Twitter timeline as opposed to completing my timeline for accomplishing my goals. So it only makes sense that this is the first project I've brought to completion. And now that this is out the way expect many more finished projects to come! Above all, you will learn so much from this book and maybe you'll learn that you just shouldn't put everything on twitter. And by the way everything in this book was an original tweet only changed due to grammatical errors.
