Reviews

A brand new e book with an all new point of view. I have got read and i am sure that i am going to likely to read through once more once more in the future. It is extremely difficult to leave it before concluding, once you begin to read the book.

Walden Pond Press, 2014. Hardback. Condition: New. Language: English . Brand New Book. John David Anderson returns to the world of superheroes he created in *Sidekicked* with an entirely new cast of characters in *Minion*, a funny and emotional companion to his first breakout tween novel--perfect for superhero fans who also love the work of bestselling authors Rick Riordan, Louis Sachar, and Frank Cottrell Boyce. Michael Morn might be a villain, but he's really not a bad guy. When you live in New Liberty, there are no Supers and only two kinds of people: those who turn to crime and those who suffer. Michael and his adoptive father spend their days building boxes--special devices with mysterious abilities--that they sell to the mob at a price. They provide for each other, they look out for each other, and they'd never betray each other. But then a Super comes to town, and Michael's world is thrown into disarray. The Comet could destroy everything Michael and his dad have built, the safe and secure life they've made for themselves. And now Michael and his father face a choice: to hold tight to their life or to let it unravel.
