## Kinase Screening and Profiling

By Hicham Zegzouti

Springer-Verlag Gmbh Okt 2015, 2015. Buch. Book Condition: Neu. 25.4x17.8x cm. Neuware - This volume focuses on screening and profiling kinase inhibitors or activators. Chapters in this book cover several facets of the drug discovery processes starting with target identification, and assay development and screening chemical libraries for hit identification and lead optimization. The profiling portion of Kinase Screening and Profiling: Methods and Protocols discusses several strategies and techniques that are required to minimize off target hits and reduce cellular toxicities that are caused by liability kinases. Written in the highly successful Methods in Molecular Biology series format, chapters include introductions to their respective topics, lists of the necessary materials and reagents, step-by-step, readily reproducible laboratory protocols, and tips on troubleshooting and avoiding known pitfalls. Timely and authoritative, Kinase Screening and Profiling: Methods and Protocols, will benefit scientists and researchers who are interested in exploring the role of kinases in academic, as well as pharmaceutical research. 223 pp. Englisch.

### Reviews

*Absolutely among the best publication I have got at any time go through. It really is written in straightforward phrases rather than hard to understand. Its been designed in an extremely straightforward way which is just soon after i finished reading this publication through which basically modified me, alter the way i believe.*
