Balboa Press, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. MatrixWorks is a facilitation model that uses practical application of Buddhism, systems thinking, holistic leadership, and neuroscience to make groups thrive as living systems. Our approach is designed to generate a feeling of aliveness in every individual and the whole group, so that the collective may become a dynamic body that self-organizes in harmony with its environment. We've developed this model to share the theory and practice of what's needed to create groups that work for everyone, and we imagine that you're here because you have within you a sense of what's possible when groups come together to make magic. These tools are needed to understand and transform the complexities of relationships among partners, families, teams, organizations, and groups of any kind. As we decode the mysteries of relational health, we unleash the creative, and often hidden potential of groups to experience evolutionary transformation. This book will prepare matrix-inspired leaders to function effectively and nourish life in times of chaos and profound change.
