

Trading Price Action Trends: Technical Analysis of Price Charts Bar by Bar for the Serious Trader (Hardback)

Filesize: 2.7 MB

Reviews

The very best ebook i ever study. It really is rally fascinating through reading through period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Coleman Kreiger)

TRADING PRICE ACTION TRENDS: TECHNICAL ANALYSIS OF PRICE CHARTS BAR BY BAR FOR THE SERIOUS TRADER (HARDBACK)

John Wiley Sons Inc, United States, 2011. Hardback. Condition: New. Language: English . Brand New Book. A practical guide to profiting from institutional trading trends The key to being a successful trader is finding a system that works and sticking with it. Author Al Brooks has done just that. By simplifying his trading system and trading only 5-minute price charts he s found a way to capture profits regardless of market direction or economic climate. His first book, Reading Price Charts Bar by Bar, offered an informative examination of his system, but it didn t allow him to get into the real nuts and bolts of the approach. Now, with this new series of books, Brooks takes you step by step through the entire process. By breaking down his trading system into its simplest pieces: institutional piggybacking or trend trading (the topic of this particular book in the series), trading ranges, and transitions or reversals, this three book series offers access to Brooks successful methodology. Price Action Trends Bar by Bar describes in detail what individual bars and combinations of bars can tell a trader about what institutions are doing. This is critical because the key to making money in trading is to piggyback institutions and you cannot do that unless you understand what the charts are telling you about their behavior. This book will allow you to see what type of trend is unfolding, so can use techniques that are specific to that type of trend to place the right trades. Discusses how to profit from institutional trading trends using technical analysisOutlines a detailed and original trading approach developed over the author s successful career as an independent traderOther books in the series include Price Action Trading Ranges Bar by Bar and Price Action Reversals Bar by Bar If...
