

## Lectures on the Science of Language 2 Volume Set: Volume 0, Part 0.

Filesize: 6.9 MB

### **Reviews**

*It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication that I in fact changed my way of thinking.*

**LECTURES ON THE SCIENCE OF LANGUAGE 2 VOLUME SET: VOLUME 0, PART 0.****DOWNLOAD**

Book Condition: New. Cambridge University Press, 2013. 1030p. 2 Paperback books. Series: Cambridge Library Collection - Linguistics. Born in Germany and trained in Greek, Latin and Sanskrit, Friedrich Max Müller (1823?1900) settled at Oxford, where he would become the university's first professor of comparative philology. Best known for his work on the Rig Veda, he brought the comparative study of language, mythology and religion to a wider audience in Victorian Britain. His lectures at the Royal Institution, published in two volumes between 1861 and 1864, were reprinted fifteen times before the end of the century. Volume 1 contains the nine 1861 lectures, in which Max Müller aligns the science of language with the physical sciences. Volume 2 contains the twelve 1863 lectures, in which he argues for the inseparability of the science of language from the science of the mind. Hugely successful at the time - George Eliot was particularly enthused - the lectures remain instructive reading in the history of linguistics. (Publisher's information). Condition: New Print on Demand. Printed on Demand.
