Brand New Book ***** Print on Demand *****.Includes pictures *Includes online resources and a bibliography for further reading It almost goes without saying that Westminster Abbey is one of the foremost sites in Europe when it comes to being steeped in history. Dating back to the reign of William the Conqueror and the Norman conquest, Westminster Abbey has traditionally been the site of royal coronations, royal weddings, and royal burials, and anyone who enters can instantly feel that they are walking in the footsteps of some of the most influential figures in history, from Henry III to Queen Elizabeth I. Of course, Westminster Abbey is also far more than a place for royalty. As the English became to more intimately associate the site with their history and culture, luminaries from all walks of life have also been interred there, from Charles Darwin and Isaac Newton to Rudyard Kipling and Charles Dickens. Along with effigies, plaques, and various other monuments, walking through Westminster Abbey offers its own sort of crash course on England over the centuries. The Tower of London is one of the most historic sites in all of England, and still one of the most popular. All around is the modern City of London, one of the world s most prosperous and power financial districts, but the Tower is still a daunting structure that looms across the landscape. Not a single structure but a vast network of medieval and early modern fortifications, it anchors the southeastern end of the old City and controls access to the River Thames and, through it, London s connection to the sea. While the both the City and the Thames are often obscured by the walls once visitors are inside the Tower, they...
