## DIGITALJEWELLERY

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Next Generation Of Communication | Digital jewelery is the next generation of communication with fashion. It is nothing but dividing a communication device into parts and embedding them into jewelry. This concept is known as "Digital jewelery". By the end of the decade we could be wearing computers instead of sitting in front of them. The Digital Jewellery project tries to establish a more personal connection between people and these displays. Normally, only impersonal information is...
