

## Spiritual Common Sense: 77 Guiding Principles for a More Meaningful Life

By Bill Halamandaris

Paperback. Condition: New. 192 pages. From the Foreword: Common sense is the term given to our shared understanding of what is fundamentally right and true. It comes from that place where you know things you did not know you knew, understand things you cannot begin to explain. It is that gut feeling we get that defies reason or explanation. Common sense cannot be cultivated, learned, or logically enhanced. It simply is or is not. It is, according to Webster, a shared instinct, part of our native reasoning and basic intelligence. In an uncommon degree, Samuel Taylor Coleridge adds, common sense is what the world calls wisdom. Spiritual Common Sense is the wisdom of the soul. Drawn from a wide body of knowledge that is rooted in the common heritage and experience of man, the guiding principles that follow resonate with our own innate sense of what is good and right, just and true, sacred and holy. They are part of the great river of truth that flows through us all. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
