## THE DAY TRADING ILLUSION: A DREAMER S NIGHTMARE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The author discusses how the brokerage firms and wall street are methodically taking your money. Do not day trade or short term swing trade the stock market until you read this very revealing and informative book. If you are day trading or swing trading the stock market, the author gives valuable insight and explains why it is a genuine fact that about 90 of day traders lose all or most of their money within 6 to 12 months. There are literally thousands of books available on how to make money by trading the stock market. There are thousands of trading systems and indicators available on the internet. Why do you think that is? Shouldn t everyone be successful and wealthy? Not a single seller can guarantee that you will make a penny following their advice. They are part of the illusion and you pay them for it. The author wrote this book to give a true perspective on what to expect when day trading or short term trading the stock market. He does not try to talk you out of trading, merely to know what to expect. The book explains why most of the indicators and trading systems are designed to purposefully keep you confused. The author talks to you like you are sitting across the table, with a little humor and jest.
