*Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Lisa Hanson was a woman with many identities. Her appearance was that of a frail woman however, she possessed inward strengths beyond human comprehension. She held deep devotion for those she felt empathy for and an even deeper hatred for those who expressed weakness and the need to compromise where no compromise was necessary. Lisa hid many secrets from her past, some beautiful and some confusing and distorted but all in their own ways serving as an intricate part of her life which led to her reality of today. For years, no one cared enough to delve into her inner core to learn what could drive a person to behave or react the way Lisa had chosen. Perhaps no one dared because they felt no need in understanding or knowing what this complicated woman may be hiding deep within the recesses of the impenetrable wall she had created around herself. One man did dare. Through regressive therapy Doctor Alex Bragg uncovered the horror from her past which would lead up to her instability. He discovered a deadly portal through her insanity opening into a realm of darkness; one of gruesome paranoia and death, one that the living should never have been exposed to. Would Lisa be his final patient Would he be forced to claim his own inner strength to overpower the evils as his own mind became a victim enslaved by a netherworld he hadnt known existed This item ships from La Vergne,TN.
