Forecasting US Home Prices
with Neural Network and
Fuzzy Methods
Combination and Single Forecasts

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Combination and Single Forecasts | Housing prices can be seen as an important tool affecting business cycles via its impact on investment and consumption spending. Also, local specifications allow for differences in regional business cycles. Recent studies have shown that there is a link between the housing market and economic activity. Also, they suggest that house-price fluctuations lead to real activity, inflation, or both. Therefore the existence of good model to forecast is...
