An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

Recently he came across it again and decided to explore its meaning, purpose and value. He learned that it can be a powerful spiritual sacrifice offered up to God, for others and the world. He continues to practice the habit especially when he is trying to wait patiently and doing things he does not like to do. He learned that suffering is not easy to offer up but if practiced, it can lead to advanced spiritual growth. The book presents guidelines and a sample list for the reader to select from for practicing Offering it up.
