Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Tables: Metrological, and Physical, Prepared for the Smithsonian Institution A Quarter of a century has now elapsed since the publication of the (the third) edition of Dr. Guyot s Meteorological and Physical Tables. This forms the first of an early projected series of Tables of Constants to which the Smithsonian Institution is gradually making important contributions. None has been in more general demand than this collection, and to its improvement and extension Prof. Guyot gratuitously devoted a large amount of time and laborious attention. The first edition, published in 1852, comprised 212 pages. Five years later (in 1857) a second edition was published, with careful revision by the author; and the various series of Tables were so enlarged as to extend the work to over 600 pages. A third edition was published in 1859, with further amendments. To this, the author, with untiring industry, has been making constant additions; and the present issue projected by him in 1879 - from various delays occasioned by pressing professional occupations, as well as by illness and death in his family - has been about four years in passing through the press. The result is at last submitted in this fourth edition, which extends to about 750 pages. Just before completing the last few tables, the estimable and distinguished author departed this life, February 8, 1884, in the seventy-seventh year of his age. Dr. Guyot had for thirty years been the honored Professor of Geology and Physical Geography in Princeton College. The completion of the work has been entrusted to his able assistant, Prof. William Libbey, Jr., who has conscientiously and judiciously executed his duties as the final editor....
