A HISTORY OF ASTRONOMY FROM 1890 TO THE PRESENT

Book Condition: New. Publisher/Verlag: Springer, Berlin | The history of astronomy is, like most history, a multidimensional story, and when writing about a specific period, the author has to decide how to handle all the developments of earlier times in order to set the scene. I have done this by starting most chapters of the book with a summary of astronomical knowledge at the beginning of our chosen period, together with a brief review of how such knowledge had been...
