Excerpt from The Conspiracy Against Mexico That there is a conspiracy against Mexico is plainly evident to all who even in a very superficial manner have studied the facts. The cry of Wall Street and its kept press is for intervention by the United States and subsequent annexation to this country. The American financial powers are unanimous in demanding that the unsettled state of affairs below the Rio Grande cease. Their representatives in Congress have voiced their opinions in no uncertain terms that intervention is necessary if American Big Business is to survive in Mexico. British oil and other interests are likewise of an opinion that United States troops must go into Mexico and clean up things so as to make it safe for Capital. The American oil octopus in Mexico has been plotting for some time and is still at it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
