Faced with the often terrifying blank page, many writers find themselves frozen by indecision and doubt. Creativity Rules! addresses these anxieties-and the whole writing process-through an extensive series of engaging exercises that allow the writer to break down a project into a collection of not-so-daunting tasks that put the writer directly and quickly into the act of writing. Unlike many current books on the process of writing, Creativity Rules! transcends dry-as-dust formulas or off-in-the-ether philosophies. Its a practical, witty and inviting kick in the pants that helps the writer approach a seemingly unconquerable project with a handy fistful of powerful, proven, nuts-and-bolts writing strategies that encourage creative flights of fancy. From assessing what the writer wishes to accomplish through conceiving, outlining and developing a story, Creativity Rules! provides sound, easily accessed tactics and exercises that are designed to make the act of writing both joyous and pain free.
