TECHNO FEMINISM

MD Publications Pvt Ltd, New Delhi, 2011. Soft cover. Condition: New. 267pp., Womens position in information technology (IT) employment in the wider context of feminist debates on gender and technology and indeed, interest in gender, science and technology developed largely in response to the long-standing marginalisation of women from technically-oriented work and professions, such as engineering. Technology was seen as a defining feature of masculinity, producing and perpetuating occupational segregation by sex in the workplace. Since then, groundbreaking developments in...
