Hodder, UK, 1987. Soft cover. Condition: New. Curriculum Gymnastics presents both teacher and teacher trainer with a thoroughly practical overview of recent developments in this field. What should be included in a whole school curriculum, its aims and purposes, are all discussed in the context of practical tasks. Highly illustrated throughout, an added feature is the inclusion of work cards which can be photocopied for use in the classroom. While the book's main focus is secondary school child, it also has considerable relevance for those teaching the junior age range.
