YELLING IN PASTIES: THE WET COAST CONFESSIONS OF AN ANXIOUS SLUT (PAPERBACK)**DOWNLOAD**

Hump Circumstance, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Can you really be a shy, exhibitionistic, socially anxious slut all at the same time? Twenty years into her marriage, Kat and her husband faced head-on the great underlying fear of most monogamous people: My partner wants to have sex with other people. For them, that truth led to a rollercoaster of new sexual and romantic adventures. After starting things off with a fun and friendly threesome, this couple explore ethical non-monogamy through swinging, casual sex, group sex, solo dating, and eventually stumble into polyamory. Kat Stark tells the story of her first three years in non-monogamy, and how her life and relationship(s) evolved; from the dirty, dirty sex to the heartbreak and back again, without glossing over the parts where she effed it right up. Along the way she discovers squirting orgasms, plays with all the awesome sex toys she can get her hands (and other body parts) on, and comes to a far deeper understanding about how her brain-and heart-work. Come on this very sexy journey; where asking is the key to getting what you want, and where rejecting the shame and associated with being a sexually audacious woman is the gateway to becoming the truest version of oneself.
