Her journey to achieving her Doctorate was not a easy one. From the outside looking in things look picture perfect but things are not always as they seem. After graduating from high school, Angela goes through life by trial and error. With her mother being released from prison they strive to keep their unbreakable bond all while supporting one another with achieving goals. In From Teen Mom to Dr. Miles Daniels, Dr. Miles Daniels takes the reader on a life journey after beating the odds of life experiences and relationships that helped mold and teach her to be stronger but to ultimately love herself first. She bears her personal experiences and relationships in part two of her personal memoir.
