If you read in every ancient tradition you will find common threads. Many of the characters are the same in nature, same in story. As Carl Jung stated, we all share a common consciousness and thus our divine experiences will be very much the same despite them being clothed in different garb. When the divine sends messengers to the earth, it brings them down in ways that we can all understand. The divine sent Isis to Egypt, Ishtar to the Babylonians, Diana to the Romans, Aphrodite to the Greeks and Mary to the monotheistic religions of the west. This is on purpose, this is to create a continuity in message and aesthetic. Mary is in fact the archetypical emanation of the divine feminine; she is holy, just and has worked miracles for millions of people. Some call upon her magically and others via prayer. What is prayer, if not a form of magick? She is one of the most powerful spiritual forces in the spiritual realms. In this book we will discuss how to perform Mary Magick and tap into her awesome glory and power. Blessings, Baal.
