

On the Diagnostic Value of the Corpuscular Blood-Elements in the Urine of Bright's Disease (Classic Reprint) (Paperback)

Filesize: 7.43 MB

Reviews

An incredibly great ebook with lucid and perfect explanations. It is actually rally fascinating throgh studying period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Josefina Yundt)

ON THE DIAGNOSTIC VALUE OF THE CORPUSCULAR BLOOD-ELEMENTS IN THE URINE OF BRIGHT S DISEASE (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from On the Diagnostic Value of the Corpuscular Blood-Elements in the Urine of Bright s Disease It has been urged, however, by some assailants of this doctrine, that even admitting, for the sake of the argument, Cohnheim s views on in?ammation to be correct as regards the inferior animals, upon which his experiments were tried, there is no proof that the same ignoble process of suppuration affects man, a creature of such far higher attributes but, on this point I trust that my own experiments, published in the Pennsylvania Hospital Reports for 1869, will be found conclusive. By diluting a drop of my own blood upon a slide, with pure water introduced at the margin of the thin glass cover, and thus reducing the liquor sanguinis to the specific gravity of the saliva, I found it quite possible to watch every step of the change, in which by mere distension the white blood cell is converted into the salivary corpuscle, with its one, two, or three nuclei, its actively re volving molecules confined by a cell wall of exceeding tenuity, capable of presenting all the phenomena of deep-staining of the nuclei with the entire cessation of movement on the addition of aniline dye. In like manner, when the liquor mucii and liquor puris are similarly diluted their corpuscles are also seen for the most part to be converted into salivary globules, and I infer therefore that we may regard the strong presumption afforded by Cohnheim s experiments upon the rabbit as established into a fact, and conclude that most (at any rate) of the corpuscles of human pus are simply white blood cells which have wandered out through the vascular walls. About...
