Forgotten Books, 2016. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****. Excerpt from Revue de Synthese Historique Nous avons deja eu l occasion, en analysant les comptes rendus des seances de la Societe sociologique de Londres pour les annees 1904 et 1905, de mentionner brievement la curieuse tentative faite par un sociologue anglais, M. Francis Galton, d appliquer les lois de l heredite a la solution du plus urgent et du plus passionnant des problemes sociaux actuels, celui de la regeneration de la race, du relevement de son niveau physique, intellectuel et moral. Sur les onze seances que la meme societe a tenues pendant l annee 1906, quatre ont ete consacrees a la discussion de la meme question et les debats qui en sont resultes ont pris une ampleur telle qu il nous a paru interessant d en donner aux lecteurs de cette Revue un resume quelque peu detaille, en exposant les principaux arguments qui ont ete formulees pour et contre la conception biologique de la sociologie. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
