All that changed one day when she was brutally murdered then mysteriously brought back to life. Sky then had to embark upon a journey to find her killer and to figure out who she is, and why she still lives. During Sky's journey, she is helped along by an odd crew of people. She gets help from a mysterious young lady named Sierra who helps her in her quest of self-discovery. On that same journey she finds out that there are several things that are only thought to be myths and legends. She discovers a race of people called changelings that can change form from human into animal form. Sky also happens upon real living vampires and encounters creatures thought never to have existed. She meets a unicorn, a dragon, and many other creatures. She slowly figures out why she has always had off-the-wall dreams as a child and meets the man who's always been in them. Throughout her journey, she realizes that wishes and dreams sometimes do come true. Whether she truly wants them to or not.
