ETHICAL KNOW-HOW: ACTION, WISDOM, AND COGNITION (PAPERBACK)

Stanford University Press, United States, 1999. Paperback. Condition: New. Language: English . Brand New Book. How can science be brought to connect with experience? This book addresses two of the most challenging problems facing contemporary neurobiology and cognitive science: first, understanding how we unconsciously execute habitual actions as a result of neurological and cognitive processes that are not formal actions of conscious judgment but part of a habitual nexus of systematic self-organization; second, creating an ethics adequate to our present...
