Filesize: 8.86 MB

Reviews

It is just one of my personal favorite books. I was able to comprehend every little thing out of this published publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Isaac Olson)

THE GENESIS OF WATER (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Genesis of Water In bringing this paper before the public, the writer is not unmindful of the fact that the greeting which usually goes forth to the obtrusive theorist is seldom either friendly or reassuring. Practical achievement is the requirement of this age and its application has wonderfully amplified the field of correspondence between humanity and its environment. But notwithstanding its many conquests, the practical side of man, equally with the theoretical side, has failed to account for or to explain certain physical phenomena that have been continually on parade before the eyes of science ever since man became a thinking animal. Take as an example of the things that are known but unexplained: the Comet; the Aerolite; the Glaciation of the North Temperate Zone; Gravitation; Physical Life; Matter, - mysteries, all. Now, I did not begin to write with any thought, whatever, of invading the domain of any of these problems, but with only the one thought of accounting for the fact of the presence of water upon the earth - a constituent of our planet not accounted for by the nebular hypothesis. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the...
