Brand New Book ***** Print on Demand *****.Excerpt from Little Nature Studies for Little People, Vol. 1: A Primer and a First Reader This book is intended as primary text-book in Science and Reading. The motive in it is to introduce teacher and pupil to a mutual love for the woods and fields, to the study of animals and plants, to the observation of real things in life, and to the methods of a true naturalist. It should take teacher and pupil out of doors, into the open air, and to the heart of nature. Incidentally it will doubtless lead to the acquisition of the power to read and to a taste for the quiet and elegant literature of a pastoral writer. M. E. Burt, Editor.
