

Of Orcas and Men: What Killer Whales Can Teach Us (Paperback)

Filesize: 5.79 MB

Reviews

Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Sallie Wiegand)

Bloomsbury Publishing PLC, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. The orca is one of Earth s most intelligent animals. Remarkably sophisticated, they have languages and cultures and even long-term memories. Their capacity for echolocation is nothing short of a sixth sense. Despite their label as `killer whales they are often benign and gentle, which makes the story of the captive-orca industry and the endangerment of their population around the world that much more tragic. In *Of Orcas and Men*, David Neiwert provides a compelling mix of cultural history, environmental reporting and scientific research on a majestic species. He explores the sometimes fraught relationship between this extraordinary animal and human beings, both in the wild and in captivity. David Neiwert s book is a triumph of reporting, observation and research, and a powerful tribute to one of the animal kingdom s most remarkable members.
