DTMF PAGER SYSTEM

LAP Lambert Academic Publishing Jul 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x4 mm. This item is printed on demand - Print on Demand Neuware - The information- delivered quickly and effortlessly at the finger tips of the person on the electronics super highway -still required context, organization and purpose to be useful for the person acquiring it. This is one of the many reasons why we have put together this compilation in the form of a report so as to provide the reader with compound synopsis of out project. Wireless communications is one of the most active areas of technology development of our time. This development is being driven primarily by the transformation of what has been largely a medium for supporting voice, images, text and data. Thus, similarly to the developments in wire line capacity in the 1990s, the demand for new wireless capacity is growing at a very rapid pace. 68 pp. Englisch.
