A DICTIONARY OF EPIDEMIOLOGY (PAPERBACK)

DOWNLOAD

Oxford University Press Inc, United States, 2014. Paperback. Condition: New. 6th Revised edition. Language: English . Brand New Book. This sixth edition of A Dictionary of Epidemiology - the most updated since its inception - reflects the profound substantive and methodological changes that have come to characterize epidemiology and its associated disciplines. Sponsored by the International Epidemiological Association, this book remains the essential reference for anyone studying or working in epidemiology, biostatistics, public health, medicine, or the growing number health sciences in which epidemiologic competency is now required. More than just a dictionary, this text is an essential guidebook to the state of the science. It offers the most current, authoritative definitions of terms central to biomedical and public health literature - everything from confounding and incidence rate to epigenetic inheritance and Number Needed to Treat. As epidemiology continues to change and grow, A Dictionary of Epidemiology will remain its book of record.
