By Ralph Archer

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 74 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Scala programming Learning Scala fast This book is an exploration of the Scala programming language. It begins by explaining what Scala is, where it is used, and its relationship with the Java programming language. The next part discusses how one can set up the environment for Scala programming on different platforms. You will learn how to do this on Windows, Linux, and MacOS platforms. Arrays, which are elements supported in Scala for data storage, are discussed, and thus, you will learn how to use them. The different types of collections which Scala supports are covered in detail, so you will understand how to use them in the course of programming in Scala. The use of classes and objects in Scala is also explored, thus, you will learn how to create classes and then instantiate objects from these. Traits, which are supported in Scala, are discussed with no detail left out. The pattern matching feature is also explored in this book, so that you will know how to use this feature for the purpose of matching your text in Scala. This book...
