Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Signalling Through Space Without Wires: Being a Description of the Work of Hertz His Successors This is the work of Hertz which is best known, the work which brought him immediate fame. It is not always that public notice is so well justified. The popular instinct is generous and trustful, and it is apt to be misled. The scientific eminence accorded to a few energetic persons by popular estimate is more or less amusing to those working on the same lines. In the case of Hertz no such mistake has been made. His name is not over well-known, and his work is immensely greater in every way than that of several who have made more noise. His best known discovery is by no means his only one, and no less than eighteen Papers were contributed to German periodicals by him, in addition to the papers incorporated in his now well-known book on electric waves. In closing these introductory and personal remarks, I should like to say that the enthusiastic admiration for Hertz s Spirit and character felt and expressed by students and...
