Reviews

This publication will never be effortless to begin on studying but extremely entertaining to learn. It is probably the most incredible publication i have go through. I realized this ebook from my i and dad suggested this publication to learn.
(Austin O'Connell)

OPERATION OF GAS WORKS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Operation of Gas Works The author has endeavored to present the facts and details of gas works management, in concise and readable form. The main reason for undertaking this work was the lack of available information in book form, on the details of coal and water gas manufacture from the standpoint of American practice. There are, it is true, some books covering English and other foreign practice, and a wealth of material in the gas journals and association proceedings of this country, but with the exception of the well-known Catechism of the American Gas Light Association, there is, so far as the author knows, no modern book adapted to the needs of the American operator. This book is intended to supply the needs of the foreman, superintendent, engineer or cadet who is connected with a small or medium-sized gas works and who desires to increase and widen his knowledge of the principles and practice of gas making. No extended description of machinery or apparatus is attempted but rather the aim has been to give as simply and clearly as possible, instructions for operating the standard types of apparatus usually found in gas works together with some discussion of the principles involved. Where particular apparatus is described in detail the author in nowise specially recommends such apparatus but it was necessary to select from the great variety of types in use, certain examples which might reasonably be supposed to typically represent that class. Obviously a description of all the types would be beyond the scope of the book. For the benefit of those who may wish to employ some of the methods in their own plant,...
